## VISITOR MANAGEMENT SOLUTIONS

Take Total Control of the Safety & Security of Your Facility

*It's your turn to Take Total Control of your facility to ensure the safety and security of every visitor by using PassagePoint Global. From corporate security, to securing schools and hospitals, we have everything you need for a fully integrated solution to meet today's demands in visitor control and security.*

### PassagePoint Global

PassagePoint Global is the visitor management solution you can take globally. Its extensive customization, integration and configuration capabilities make it easy to implement a visitor management solution with the highest levels of functionality and integration. The powerful and versatile software offers the ability to control operations from a centralized location, customize screens and lists, and implement the solution in English, French, German, Japanese, Spanish, Simplified Chinese, and more – out of the box.

### 5 Benefits of using PassagePoint Global to process your visitors:

- Improve productivity
- Improve data accuracy
- Enhance company image
- Improve visitor service
- Control emergency response

# PassagePoint™

## GLOBAL

### Improves Security

- Capture detailed visitor information accurately and automatically (with or without typing)
- Badge visitors to show visit is approved
- Include visitor's photo on email to host that visitor has arrived
- Keep visitor and company information confidential
- Government denied parties and sexual offender screenings
- Use Internal Watch Lists for denying entry, or for identifying VIP visitors
- Print temporary badges for staff who've forgotten their badges
- Works with all badge types, including self-expiring badges
- Integrate with your access control system
- Message notification to all visitors during an emergency

### Easy To Use - Speedy Processing

- Scan a license and print badge in under 20 seconds
- Policy driven – highly customizable for each type of user
- Speed visitor check-in and badging by using info from past visits
- Print badges in advance
- Pre-register visitors or groups – optional approval process

### Flexibility and Reporting

- No more handwritten logs or badges
- Reports easily accessed, customized, printed and exported for analysis
- Import name lists and pre-print badges for events
- Many Kiosk and Tablet options for self-registration by the visitor
- Mobile Solutions for guard shacks, parking, school buses, etc.

### Add-on Modules to complete the offering

- Web Pre-Registration
- Sex Offender Search
- Directory Link
- Enterprise Control Center
- Access Control Integration
- HL-7 Integration
- PIV Integration
- Rest API
